The University of California at Riverside (UCR) is embarking on a major new hiring initiative that will add 300 tenured and tenure-track positions in 33 cross-disciplinary areas selected through a peer-reviewed competition (for more information visit http://www.clusterhiring.ucr.edu). Over the next three years, we will hire multiple faculty members in each area and invest in research infrastructure to support their work. This initiative will build critical mass in vital and emerging fields of scholarship, foster truly cross-disciplinary work and further diversify the faculty at one of America’s most diverse research universities. We encourage applications from scholars committed to excellence and seeking to help redefine the research university for the next generation.

This announcement aims to fill two of an eventual four positions in the area of Supply Chain Management. We are seeking established scholars (full professor or tenured associate) who will build on our existing strengths and lead the academic development of rigorous research and teaching programs. Each successful candidate may be housed in the School of Business Administration (SOBA), the Bourns College of Engineering (BCOE), or another relevant department depending on the preferences of the candidate and the department. The desired start date for these positions is June 30, 2016. Screening of candidates will commence immediately and will continue until the positions are filled.

The ideal candidates should specialize in business research related to supply chain, with expertise in any or more of the following areas: operations management, transportation/logistics, sourcing/contracting/procurement, inventory management, sustainability/socially responsible supply chains, stochastic systems, operations/finance interface, or operations/marketing interface as well as operations research, algorithms for optimization, parallel processes and/or integrated assembly.

The successful candidates can be appointed to any of the five areas of research at SoBA (i.e., accounting, finance, management, marketing, operations and supply chain management), any of the departments in BCOE, or other departments at UCR. The positions must be filled by a candidate whose major research interest is in Supply Chain Management.

Depending on the candidate’s research area and record, the position may be funded through one of six SOBA endowed chairs: the Logistics Team Presidential Chair in Supply Chain Management, three A. Gary Anderson Family Foundation Endowed Presidential Chairs in Business
Administration, the A. Gary Anderson Endowed Chair in Finance and the Ely Callaway Chair in Social Responsibility.

Interested candidates should upload a cover letter, CV, evidence of research and teaching excellence, selected articles or working papers, diversity statement that addresses potential contributions to academic diversity and names and contact information for three references to:

Supply Chain Management  https://aprecruit.ucr.edu/apply/JPF00516

Inquiries may also be made to Professor Jean Helwege jean.helwege@ucr.edu.

The School of Business Administration (http://soba.ucr.edu) is an AACSB-accredited school and shares the mission of the University of California system to be known as a leading center of excellence for research and teaching.

UCR is a world-class research university with an exceptionally diverse undergraduate student body. Its mission is explicitly linked to providing routes to educational success for underrepresented and first-generation college students. A commitment to this mission is a preferred qualification.

Advancement through the faculty ranks at the University of California is through a series of structured, merit-based evaluations, occurring every 2-3 years, each of which includes substantial peer input. The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants with a Ph.D. will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veteran status, or any other characteristic protected by law.
